Built for Developers

Affordable

Pricing that is fair. No complicated agreements, no long-term commitments & no hidden charges.

Flexible Licensing

Use with or without a map and get custom rate-limits, payment options, & SLA on demand.

Scalable

Sky's the limit. Effortlessly navigate between plans that allow 10,000 calls per day upto 10 billion.

Worldwide Coverage

From New York to Tokyo, get world-wide coverage powered by data from OpenStreetMap, OpenAddresses and other sources.

“ Easy to install and to use. A reliable and affordable alternative to Google Maps API. ”

Andre Zayarni, CTO & CPO, MoBerries GmbH
